

MOD-U-BLAST®

E-SERIES ECONOMY BLAST CABINETS

- An economical state-of-the-art machine, at a price any shop can afford. E-Series blast cabinets come standard with industrial quality, rugged components typically found only on higher production machines. E-Series blast cabinets are designed for use with glass beads and can tackle a wide variety of projects. This series is very popular in the automotive industry and any other environment where consistent, professional results are needed with a minimal up front cost.

STANDARD FEATURES

BLAST GUN

• E-Series machines feature a versatile lightweight pistol grip blast gun globally proven to provide comfort. It also offers 4 nozzles & 5 air-jet combinations to meet varying production requirements.

BLAST GLOVES

• Coated neoprene glove with fold-sewn vinyl sleeve and grip coat.

AIR REGULATOR / GAUGE

SAFETY GLASS WINDOW

• Quick change safety glass window with replaceable protector and trim-Lok window seal.

METERING VALVE

• Optimize the flow of media to get maximum efficiency with Mod-U-Blast's metering valve.

FOOT VALVE

• 1/2" high flow, brass/steel. Built for rugged industrial use.

ADDITIONAL FEATURES:

- Perforated steel flooring.
- Powder coated for durability. 14 gauge steel legs, 16 gauge panels.
- External LED lighting system.
- Front, left and right doors standard on all models.
- 1/2" clear media hose.
- Eliminating typical suction pick-up tubes and hoses, Mod-U-Blast's media metering valve puts our economy series blast cabinets in an entirely different class from the competition.

DUST COLLECTION

100 CFM Cartridge Type
"Back Mount" included.
